

A man with a beard and glasses, wearing a dark blue polo shirt and a tan apron, is smiling while using a white Dojo payment terminal. He is holding a card to the terminal. The background shows a cafe counter with various bottles of wine and beer on shelves, and a display of croissants on a wooden board. The text "Payments that work as hard as you do." is overlaid on the left side of the image.

dojo®

We're Dojo.

From helping you trade to getting you paid, we create tools and services that take the hassle out of running a business.

We don't believe in long-term contracts or hidden fees. We're enabling our customers to accept cards faster, to get paid quicker, and to keep trading securely.

Welcome to effortless payments.

No long-term commitment

A monthly rolling contract puts you in control.

Crystal-clear pricing

Enjoy transparent pricing without hidden fees.

Get paid, fast

Access your takings quicker with next-day transfers.

Simple, secure payments

Protect customer card data and your income.

A monthly rolling contract puts you in control.

It's hard to make progress when you're tied down – which is why we offer monthly rolling contracts to customers who switch to us.

Because we believe you should have the headspace to focus on what really matters – taking your business to the next level.

We'll even pay your current provider's exit fees up to £3,000.

The best thing about a rolling contract is that you're not tied down. You can make your own decisions. And having that freedom of choice is like a weight off your shoulders.

Next-day transfers

We know how important cash flow is for the health of your business. That's why we'll transfer the funds to your bank account the next working day – at no extra charge.

Faster transactions. Fewer mistakes.

Integrated payments is a game-changer. It's software that connects your card machine to your EPOS wirelessly in the cloud – for a smoother experience and effortless end-of-day reporting.

✓ Faster transactions

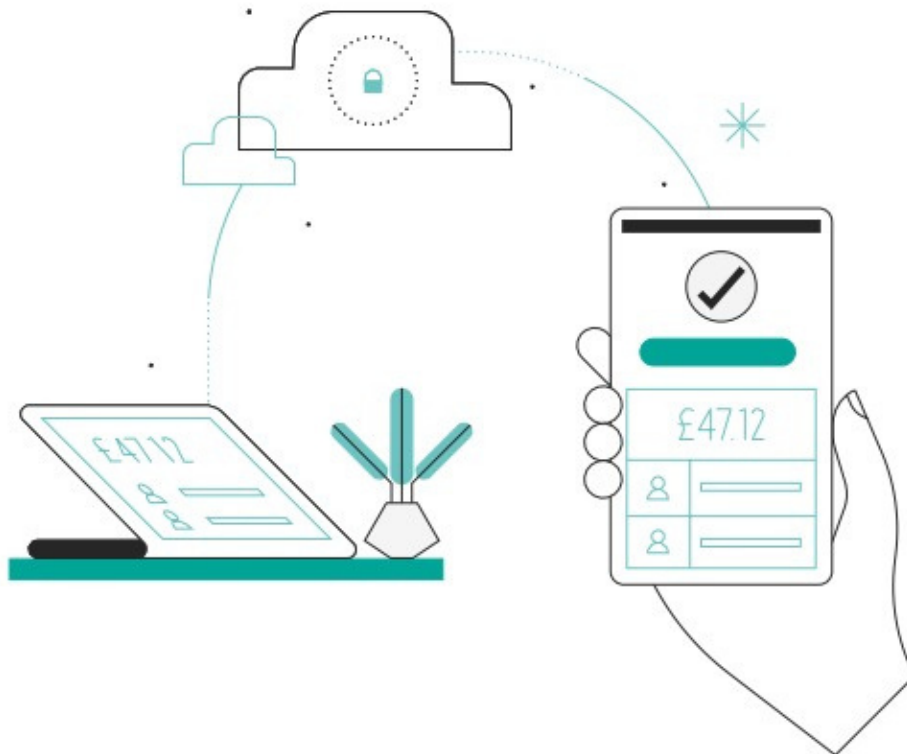

Shorter queues and happier customers.

✓ Simpler reporting

Rapid end-of-day reconciliation – it all just adds up.

✓ Fewer errors

Put an end to adding up and manual errors.

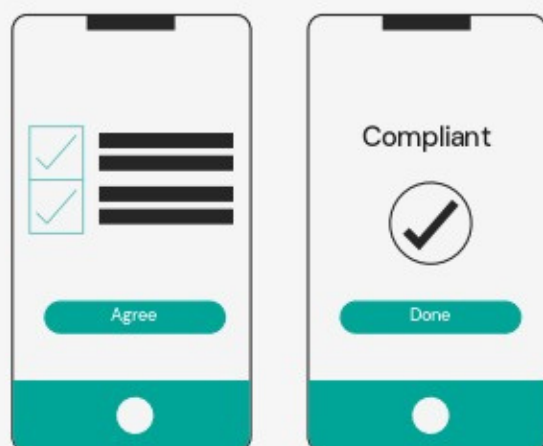

We partner with over 600 EPOS and software providers

PCI compliance has never been simpler.

We've taken the pain out of PCI

Any business that takes card payments is required to become compliant with the Payment Card Industry Data Security Standard.

But we know that this can be a confusing process riddled with industry-jargon. Depending on your business, annual self assessments can be up to 300 questions.

Become compliant faster

Our card machines come with point-to-point encryption – helping you stay PCI compliant without the fuss.

Just take a read of two simple documents, confirm two questions in the app, and you're done.

Insights that move with you.

Keeping track of your hard-earned takings used to be tricky. But our intuitive app lets you measure and manage your payments from the palm of your hand – so you're always in the loop.

Real-time insight

Take a payment and it'll appear in your dashboard.

Push notifications

Get notified as soon as your funds are transferred.

Trend analysis

Track your daily takings over time and by location.

Transaction details

Look at specific information including date, time and card type.

Fast, flexible funding with Dojo Advance.

Apply for additional working capital – from £2,000–£500,000.

A convenient way to borrow

Dojo Advance is essentially an advance on your future revenue. Rather than paying back a fixed amount every month, you repay what you borrow as a fixed percentage of your card takings.

Funding to suit your business

Tailor the amount you want to borrow to suit your business needs. So, whether you're looking to take on new staff or upgrade your equipment, you can access the funding you need to grow.

Pay a little more on busy days and a little less on slower ones.

How it works – at a glance

1.

Apply online, fast

Our simple application form only takes a few minutes.

2.

Get approved and receive your funds

Once approved you'll typically get your funds in one to two business days.

3.

Repay as you earn

You only repay as you get paid - no fixed amount every month.
